

May 4, 2026

Dear Colleagues,

I am pleased to offer my strong endorsement of Nicole Bobick for a position on the Provincial Executive (PX) of the Manitoba Teachers' Society.

Nicole continues to demonstrate the kind of leadership our profession needs. She brings a steady, thoughtful presence to her work, grounded in genuine caring for members and a clear understanding of the realities teachers are facing. She doesn't rush to be the loudest voice in the room, but when she speaks, it's informed and purposeful.

In her role as President of the Swan Valley Teachers' Association, Nicole has built trust through consistency and openness. She approaches challenges with a collaborative mindset, always working to ensure that decisions reflect the voices of the people they impact.

Nicole's involvement on both the Collective Bargaining Standing Committee (CBSC) and the Provincial Bargaining Committee (PBC) in the last year has given her valuable insight into the work happening at the provincial level. There is real value in continuity in this work, and supporting Nicole brings that. She understands the context, the progress that has been made, and the complexities that still need to be navigated.

What stands out most about Nicole is her commitment to service. She is not driven by position or recognition, but by a belief that members deserve strong, honest, and accessible representation. She understands that effective leadership means listening first, building relationships, and then acting with clarity and integrity.

I am confident she will continue to represent members with professionalism, thoughtfulness, and a deep respect for the collective voice of our profession.

I encourage you to support Nicole Bobick.

In solidarity,

Hayden Rooks
Vice-President
Swan Valley Teachers' Association
